1	
2	
3	
4	
5	

* Editorial board has the right to assess the role of each participant in this work/analysis/project

Section 04

Is this paper the part of any thesis/dissertation? If YES, provide information given below;

(If NO, ignore this table)

Thesis title from where this research has been extracted	
Name of the Research Scholar	
Email Address of the research scholar	
Designation (with city and country) of research scholar	
Scholar's expertise or fields of interest	
Qualification level (BS, Masters, M.Phil, PhD, etc.)	
Department and University along with city and country	
Name of the Research Supervisor	

*Research scholar has only the right to consider as corresponding and first author in this paper/review/project. No one other (including supervisor) has authority to challenge his/her status in this regard.

**If name of research scholar is different from author 01, journal has an authority to replace author 01 with the name of research scholar. No one among author(s) has authority to challenge this justified act.

***In future, if this paper would be reported as the part of any previous thesis/dissertation, journal has either authority to remove this paper from the website, blacklisted the author(s), and/or replace author(s) name with actual research scholar. However, it would be occurred after a justified rational inquiry.

Section 05

Section 07

Affidavit

<ol style="list-style-type: none"> 1. I, as a corresponding author, followed publication ethics, publication malpractice statement and other policies defined by the journal administration, and I admit that, any kind of violation from my side allows the journal administration to blacklist me, cancel my publication, and display author(s) on publicized web-based blacklist page. 2. Similarly, I will not pursue any court or third party for challenging any suggestion or cancelation of my paper during peer review process (or at any stage), but will only to follow procedure for appeal described by the journal administration. 3. I will not claim peer review process and/or publication without paying the charges mentioned in the "Author Guidelines". 4. At the same time, I will never claim refunding of submitted amount if my paper/research would be rejected during the peer review process, and/or proved as the violation of publication ethics and malpractice statement at any time. 5. I authorize the journal administration for sharing the information (given from my side on this form) to all the persons/co-authors mentioned in this submission. Hence, incomplete form from my side should not be entertained. 6. I and/or other co-authors did not assign this work to any other publishing agency, forum, journal or similar to that. 7. I authorize the editors and graphic designers of the journal to alter, edit or modify the research wherever suitable changes are required as per the policy of journal. 	
Date	Signature of First/Corresponding author
